

| # | Title | Name | Town/City | S/C/P | Region | Comment | Date |
|----|-------|------------------|----------------|----------------|--------|---|--------------|
| 3 | Mr | Robert Hyde | Great Shelford | Cambridge | UK | Just one of many things that could be done to improve the bad quality off the Cambs cycling infrastructure. Cross the channel to see how it's done properly. | Jan 08, 2009 |
| 7 | Miss | Bonnie Metherell | Cambridge | Cambridgeshire | | If the roads are gritted for motorists I don't see why they can't be gritted for cyclists also. | Jan 08, 2009 |
| 8 | Mr | Rob King | Cambridge | Cambridge | | I have actually written to the council shortly before christmas volunteering our services to help grit the cycle paths. I am yet to have a reply. www.outspokendelivery.co.uk | Jan 08, 2009 |
| 14 | Mr | David Harris | Cambridge | Cambridgeshire | UK | The path alongside Cowley road, leading from the Milton cycle/foot bridge to the Science Park, was absolutely sheet ice earlier this week. I had to walk to work, because cycling would have been too dangerous. | Jan 08, 2009 |
| 29 | Mr | Nathan Wrench | Cambridge | Cambridgeshire | UK | I cycle 11 miles to work each day, the majority on cycle paths. It's been treacherous this week. Please grit all the cycle paths | Jan 08, 2009 |
| 40 | Dr | Benjamin Gordon | Cambridge | Cambridgeshire | UK | Major cycle routes are as important as major road routes to economy of Cambridge City, and therefore should be maintained to equal standards | Jan 08, 2009 |
| 43 | Mr | Andrew Gow | Cambridge | Cambridgeshire | UK | Either grit or make the surface ice-safe, such as the river tow path along the Cam. While your at it, stop trying to kill all cyclists with your Milton Road abomination!! | Jan 08, 2009 |
| 45 | Ms | Rebecca Allen | Cambridge | Cambs | UK | Cyclists are tax payers too. Getting more cars off the roads means making cycling as safe as possible. | Jan 08, 2009 |
| 61 | Mr | Ben Blamey | Cambridge | Cambridgeshire | UK | At the moment, you are safer on a main road this time of year. | Jan 08, 2009 |
| 64 | Mrs | Nicky Rushton | Cambridge | Cambridgeshire | | Riverside was a skating rink this week. It is a very popular cycle route and should be gritted to avoid accidents. After the first day I avoided it, having fallen off my bike on the bike path to Fen Ditton, which also wasn't gritted and which was less slippery and icy. | Jan 08, 2009 |
| 78 | Mr | Andrew Norman | Cambridge | Cambridgeshire | | Icy roads are a major hazard to cycles, and gritting would mean that this will be one less danger for cyclists during the winter. | Jan 08, 2009 |

| | | | | | | | |
|-----|-----|-----------------------|-----------|----------------|----|--|--------------|
| 79 | | Matthew Hill | Burwell | Cambridge | | I have contacted the council about this before and received no reply. | Jan 09, 2009 |
| 91 | | Jennie Franks | Cambridge | Cambridgeshire | | I heartily support this action. The County Council's promotion of cycling will be seen to be a sham if they can't support it with appropriate safety measures. Surely a duty of care is owed to ALL users of council maintained thoroughfares? | Jan 12, 2009 |
| 94 | MR | John Lawton | Cambridge | - | UK | Pedestrians have to suffer icy pavements too, so it would be desirable to have these gritted too, either by the council, or by the provision of rock salt for the public to use. | Jan 12, 2009 |
| 95 | Dr. | Stefan Kaye | Cambridge | Cambs | UK | This is just one respect in which cycle traffic should be treated with at least equal priority to motor traffic. | Jan 12, 2009 |
| 97 | Mr | Jonathan Larmour | Cambridge | Cambridgeshire | UK | If a quarter of primary roads used by motorists were ungritted there would be an outcry. Come on, council - Cambridge is now meant to be a Cycling Demonstration City and you can't even properly maintain the existing poor standard network... nevermind upgrade it! | Jan 12, 2009 |
| 98 | Mr | Christopher Goldsmith | Rampton | Cambs | UK | In particular the major routes in and out of Cambridge should be gritted. Also there should be a published map of safe cycle routes for winter travel. | Jan 13, 2009 |
| 99 | Mr | Klaas Brumann | Cambridge | Cambs. | UK | Bicycles are important for people to travel to work or school. The Council lack of action exposes cyclists to extremely risky conditions. | Jan 13, 2009 |
| 109 | Mr. | William Squires | Cambridge | Cambs. | | It is criminally irresponsible for the council to neglect the safety of cyclists in Cambridge. | Jan 13, 2009 |
| 112 | | Heather Coleman | Milton | Cambs | | I had to divert from Riverside onto a major road with heavy traffic during the recent cold weather, as it was safer. Is that what the Council expect all cyclists to do? | Jan 13, 2009 |
| 113 | Dr | Maryline Vautravers | Cambridge | UK | | I had to go on the road all the time it was less dangerous than the cycling paths that I usually used. However, in icy conditions sharing with cars, buses and lorries is a nightmare! | Jan 13, 2009 |
| 116 | | Tim Winchcomb | Cambridge | Cambridgeshire | | Once again we see that there are a large number of cyclists in Cambridge DESPITE the efforts of the County Council, not because of it. As usual, their words and actions to do match. | Jan 13, 2009 |
| 118 | Mr | Andrew Mawby | London | UK | | This is a no-brainer! | Jan 13, 2009 |

| | | | | | | | |
|-----|------|-------------------|------------|----------------|----|---|--------------|
| 119 | Mr | Tom Copeland | Cambridge | Cambridgeshire | UK | One of the most common perceptions amongst my non-cycling colleagues is that cycling is dangerous. If the council wish to persuade them otherwise, then they need to take action in making road conditions safer for cyclists. | Jan 13, 2009 |
| 127 | Mr | Shashi Manandhar | Cambridge | Cambridgeshire | UK | This is real problem we cyclists are facing during winter time. | Jan 13, 2009 |
| 138 | Mr | Mathew Peet | Cambridge | Cambridgeshire | UK | Priority should be given to cyclists. | Jan 13, 2009 |
| 140 | Mr | Sean Comiskey | Cambridge | Cambs | | Nearly came off my bike twice in one morning on the Cycle Bridge in Milton. My daughters friend came off her bike on the bridge leading to the new Park & Ride site in Milton. | Jan 13, 2009 |
| 142 | Mrs | Alexandra Mooring | Cambridge | Cambs | UK | Riverside is a must | Jan 13, 2009 |
| 143 | | Anonymous | Cambridge | Cambridgeshire | | As a minimum gritting should focus on accident hot spots to save the NHS money and lost working time through injury | Jan 13, 2009 |
| 144 | Dr | Anne Roberts | Coton | Cambridge | UK | Please grit the Coton Footpath. It is our life line to work and school - my family of 5 all cycle. The footpath has been extremely slippery and I fell off my bike one morning. | Jan 13, 2009 |
| 149 | Mr | Andrew Kirby | Milton | Cambridgeshire | | I have twice seen 3 people fall off within 100 yards along Riverside over the last couple of weeks. If you are serious about Sustainable Transport get your act together. Otherwise you will face personal injury claims and challenges that you are not meeting your road safety obligations | Jan 14, 2009 |
| 150 | Miss | Caroline Scott | Waterbeach | Cambridge | UK | I ride to work from Waterbeach all through the summer and intended to in the winter, however after skidding and falling of my bike and also witnessing at least 3 other people do this within a week, I have given up as i don't want to hurt myself. If the County Council are actively encouraging people to ride to work, cycle paths have to be safe throughout the year. | Jan 14, 2009 |
| 157 | Mr | Jacob Sharpe | Cambridge | Cambridgeshire | UK | Fell of my bike on the way to work today, luckily just bruised. | Jan 14, 2009 |
| 159 | Dr | Edith Simon | Cambridge | Cambridgeshire | UK | Cycle routes should be gritted in Cambridge as it can lead to very bad or deadly accidents. | Jan 14, 2009 |
| 160 | | Yellie Boyce | Bottisham | Cambs | | Please include Cambridgeshire villages!!! | Jan 14, 2009 |

| | | | | | | | |
|-----|------|--------------------|-----------|----------------|----|--|--------------|
| 163 | Mrs | Helen Gray | Bottisham | Cambridgeshire | UK | I've watched several cyclists fall off their bikes this winter, and they have been hurt. This is hardly the way to encourage people to cycle to work - neither is the shocking lack of lighting and road crossing points. Come on Cambridgeshire, step up to the mark. | Jan 14, 2009 |
| 165 | Mr | Alasdair Massie | Bygrave | Baldock, Herts | UK | You are particularly vulnerable to ice on a pedal cycle and a fall can break bones.Minor roads are important to cyclists, as well as paths. Not gritting them discriminates against cycling. | Jan 14, 2009 |
| 169 | | Frank Lee | Cambridge | Cambs. | | Most cyclists have a choice -keep the cycle routes usable and we don't have to get into our cars and increase the congestion on the icy roads! | Jan 14, 2009 |
| 170 | Mr | James Gilbert | Cambridge | Cambridgeshire | UK | Ice is more dangerous to two wheeled vehicles than four. Does the Council expect cyclists to switch to driving cars whenever the weather is frosty? | Jan 14, 2009 |
| 174 | | Shirley Fieldhouse | Cambridge | Cambridgeshire | UK | I am a frequent user of Riverside. Recently I had to walk part of the way as I found it too slippery to cycle. | Jan 14, 2009 |
| 177 | Mr | Jan Dziewulski | Cambridge | Cambridgeshire | | Absolutely! | Jan 14, 2009 |
| 178 | Mr | Nathan Stokes | Camden | London | | I lived in Cambridge for 5 years and used my cycle daily for transport and exercise, as I do now in London. Gritting the cycle paths in Cambridge would make a significant improvement to the freezing cold Winter mornings, when it is hard enough to get up the gusto to do the environmentally responsible thing and hop on your bike. Knowing that you don't have to slowly cycle, due to the ice (never really getting the chance to warm) would make life much better, and hopefully encourage more to join in | Jan 14, 2009 |
| 181 | Mr | Richard Moss | Cambridge | Cambridgeshire | | Cycling on ice is far more scary than driving on it. Try it. | Jan 14, 2009 |
| 188 | Miss | Sam Grieve | Cambridge | cambridgeshire | UK | There are not enough off main road cycle lanes. The least the council could do is keep them safe. | Jan 15, 2009 |
| 190 | Dr | Andrew Fry | Cambridge | Cambridgeshire | UK | The council should also consider clearing leaves form cycle paths in the autumn (e.g across Lammas Land to Trumpington St). Accumulation of leaves + wet weather = slippery, treacherous mulch. | Jan 15, 2009 |

| | | | | | | | |
|-----|------|----------------------|-----------|----------------|----|--|--------------|
| 196 | | Louisa Williamson | Cambridge | Cambridge | | Grit Gough Way too. Why have you stopped doing it this winter? More than half a mile of treacherous icy access to main road - I have personally witnessed at least three cyclists slip and fall off on this road | Jan 16, 2009 |
| 198 | Mr | Simon Sedgwick-Jell | Cambridge | Cambridgeshire | UK | As Green Party County Council candidate I think that it is appalling that the county fails to act. If elected I would campaign to treat cyclists and pedestrians above the interest of car-users. | Jan 18, 2009 |
| 199 | | Cllr Margaret Wright | Cambridge | Cambridgeshire | UK | As City Councillor for this area I am putting pressure on the County Council to take action immediately. | Jan 18, 2009 |
| 204 | | Helen Stagg | Cambridge | Cambridgeshire | | Pavements should also be gritted to reduce danger to pedestrians, especially the elderly | Jan 19, 2009 |
| 207 | Miss | Rosie Blanning | Cambridge | Cambridgeshire | UK | As a resident of Riverside for the 2nd winter in a row I have been shocked that there is no grit used on the road or on Stourbridge/Midsummer Common/Jesus Green. Cyclists + dogs + small children + ice + river = accident waiting to happen! I have nearly fallen many times walking down Riverside and I am an active 21 year old, I would be terrified if I were elderly or a little wobbly on my feet. Please grit the roads and paths on the commons! | Jan 21, 2009 |
| 209 | Dr | Layla Skinns | Cambridge | Cambridgeshire | | The tow path between Fen Ditton and Jesus Green has been treacherous over the last few months, particularly the bridge under the railway track near to Stourbridge Common. Failing to grit the cycle routes is not only hypocritical, in view of the County Council's policy to encourage more people to cycle, it is also likely to leave the County Council open to litigation, if someone were seriously injured. Apart from that, I'm terrified on my cycle-ride to work, by the icy conditions. | Jan 21, 2009 |
| 210 | | Cathy Jennings | Cambridge | Cambridgeshire | | On Riverside I witnessed two accidents (while cyclists were turning into Saxon Road). Conditions were so severe that I stayed to warn oncoming cyclists. | Jan 21, 2009 |

| | | | | | | | |
|-----|------|------------------|---------------|----------------|----|---|--------------|
| 211 | Mr. | Pietro Miozzo | Cambridge | Cambs | UK | It is about time that Cambridge be forced to do something about all this ice. I have fallen a few times, both on the Green Dragon Bridge, and my father fell twice in the space of three days in Chesterton in mid-March.Thanks for the opportunity to get our voices heard Mr. OeffnerLPM | Jan 21, 2009 |
| 212 | Mr | Michele Miozzo | Cambridge | Cambridgeshire | UK | I've already fallen twice while biking in Cambridge this winter because of black ice. These falls caused me a lot of pain and discomfort. I was outraged to see that the bike paths and most of the roads were in dangerous conditions. How is tax money spent? | Jan 21, 2009 |
| 213 | ms | karen emerson | cambridge | cambs | | cycling should be made easy grit the cycle paths instead of using your car. | Jan 21, 2009 |
| 215 | Mr | Alastair Taylor | Cambridge | Cambridgeshire | UK | Fallen off my bike twice due to icy weather. Seen plenty of accidents. When will the council take responsibility for the safety of people who have chosen an eco-friendly way to get to work? | Jan 21, 2009 |
| 216 | Ms | Carol Schaessens | Cambridge | Cambs | | Gritting also needed for postmen who all have to use bikes. | Jan 21, 2009 |
| 222 | Mrs | Rose Desmond | Cherry Hinton | Cambs | UK | A single person with a bucket of sand and scoop can sprinkle sand on the paths with no vehicular access - This is done on the continent so why not here? Costs would be low possibly giving employment to the out-of-work. Simple logic! | Jan 22, 2009 |
| 225 | Miss | Anonymous | Cambridge | Cambridgeshire | UK | Cycle routes need to be gritted during the winter. I have seen numerous accidents where cyclists have fallen off their bikes due to paths not being gritted. Cyling on the main roads is very dangerous as car drivers do not give us cyclists enough room when passing. | Jan 22, 2009 |
| 227 | Ms | Siobhan McKenna | Cambridge | England | UK | PLEASE GRIT CYCLE ROUTES!!! | Jan 22, 2009 |
| 230 | Ms | Carlye Stein | Arygle Street | Cambridge | UK | Cycling is my only mode of transport and while I feel the city is cycle friendly, gritting the paths would make it that much friendlier and safer for people like me who need or choose to cycle in wintery weather | Jan 22, 2009 |
| 234 | Dr | Matthew Hart | Cambridge | Cambridgeshire | UK | I have seen many accidents this winter on the cycle path along the river to the green dragon bridge. This path is often much more icy than other roads in Cambridge and is used by very large numbers of cyclists. | Jan 22, 2009 |

| | | | | | | | |
|-----|------|-----------------------|-------------------|----------------|----|--|--------------|
| 236 | ms | jacqueline richardson | bury st edmunds | suffolk | UK | i don't cycle on them myself but a lot of my friends do and have indeed fallen off their bikes due to slippery cycle routes. | Jan 22, 2009 |
| 243 | Mr | John Somerville | Royston | Hertfordshire | | I've seen numerous people come off their bikes recently which is bound to discourage people from cycling in Cambridge. The environmental, economic, congestion and fitness benefits of cycling are pretty obvious. Not gritting major cycle routes seems very shortsighted. | Jan 23, 2009 |
| 247 | Mr | Alun Hart | CAMBRIDGE | Cambridgeshire | UK | I have come off my bike three times this winter, it would be great to get to work without risking my life! | Jan 23, 2009 |
| 248 | | Ann-Marie MCKIERNAN | Cambridge | Cambs | | Cambridge is without question a cycling city. The the Government and Cambridge council actively encourage residents to use their bicycles as transport of choice. Therefore surely they should endeavour to ensure that bike pathways are kept safe in winter by gritting them when necessary. | Jan 23, 2009 |
| 252 | Dr | Shaun Nicholson | Ipswich | Suffolk | UK | Whilst I live in Ipswich I take by bicycle on the train to Cambridge and from there cycle to work. I therefore agree that cycle routes should be gritted during winter and am shocked that a forward looking cycle friendly city such as Cambridge could take such a position re: gritting. Indefensible. | Jan 23, 2009 |
| 256 | Mr | Nigel Searle | Histon, Cambridge | Cambridgeshire | | Things like this, by which you can make cycling safer and more comfortable, makes absolute sense if you are serious about getting people out of their cars. | Jan 23, 2009 |
| 258 | Mrs | Rachel Bloore | Cambridge | Cambridgeshire | UK | On one commute this winter from Chesterton to central Cambridge, I fell off my bike twice, and saw two other people also fall. The areas around the footbridges over the Cam are particularly dangerous. If the City Council wants people to continue commuting by bike in winter - not only reducing wear and tear on roads but also alleviating Cambridge's serious traffic problem - they have a responsibility to make the major bike routes safe. | Jan 24, 2009 |
| 259 | Miss | Anna Obarzanowska | Cambridge | Cambridgeshire | UK | too many accidents that could have been easily prevented! | Jan 24, 2009 |
| 263 | | K Davison | Cambridge | Cambridgeshire | UK | and repair them when needed too | Jan 25, 2009 |

| | | | | | | | |
|-----|-----|-----------------|-----------|----------------|----|--|--------------|
| 266 | | Eleanor Whalley | Cambridge | Cambs | UK | PLEASE do act according to the above recommendations. In the space of ten minutes from my office window on St Andrew's Road, near the new cycle bridge leading to/from Riverside, I watched two cyclists fall of bicycles and one car skid. I run a community building on St Andrew's Road, Chesterton, and we get a high proportion of elderly visitors using the facilities we provide. If one of them slips and breaks a bone, it could disable them for the rest of their lives... | Jan 26, 2009 |
| 269 | Mrs | Shani Lee | Cambridge | Cambs | UK | And clear major cycle paths of fallen leaves in autumn - also dangerous | Jan 28, 2009 |
| 271 | Mrs | Fiona Calver | Cambridge | Cambs | UK | My husband came off his bike on black ice on Hurst Park Avenue, Cambridge just before Christmas and broke his elbow | Jan 28, 2009 |
| 272 | Mr | Laurence Calver | Cambridge | Cambs | UK | Came off my Bike and factured my elbow, council saved money not gritting, but it cost the NHS and my employer money | Jan 28, 2009 |
| 274 | Mr | Daniel Johnson | Linton | Cambridgeshire | UK | Cambridge county councils policy on reducing road traffic appears to be mainly aimed at raising funds (ie congestion charging) rather than actually trying to solve the problems by practical means. Gritting the cycle paths is just one such practical thing the council can do to help. Providing more covered cycle racks at the park and rides in another. There are many other ways that the council can encourage people to avoid the roads but because they do not raise money they are ignored. | Jan 29, 2009 |
| 278 | Mr | Neale Upstone | Cambridge | Cambs | UK | I've just got in from cycling to and from the city centre today. The cycleways and Riverside, which is shared with cars, were very dangerous. I was disgusted to find that they had not been done before the evening. | Feb 02, 2009 |
| 282 | Mr | Klaas Brumann | Cambridge | Cambs. | UK | Cambridge's cycle routes are used every day by thousands of students and workers to get to school or work. The lack of gritting on cycle routes shows the councils lack of support for cycling. See: http://www.camcycle.org.uk/map/location/15754/ and http://www.camcycle.org.uk/map/location/15756/ | Feb 03, 2009 |

| | | | | | | | |
|-----|-----|-----------------|--------------|----------------|----|--|--------------|
| 283 | Mrs | Lynette Gilbert | 47 Riverside | Cambridge | | Riverside is a major cycle route used by hundreds of cyclists in peak hours every day, including many school children. It also faces north and is overshadowed for most of its length, making it quick to ice up and slow to thaw. A new cycle bridge to Chesterton is expected to be used by 1000 cycles per day. The County Council really needs to grit this route in cold weather. | Feb 03, 2009 |
| 284 | | Anke Adams | Cambridge | Cambs | UK | Thank you Camcarts for linking to this petition :o) - let's get serious about setting a standard for cycling across the UK! | Feb 03, 2009 |
| 286 | Mr | Roger Attrill | Cambridge | Cambridgeshire | UK | Even those of us that drive into the city may still wish to cycle some remaining part of the route. | Feb 03, 2009 |
| 289 | Mr | Bill Wilkins | Cambridge | Cambridgeshire | UK | I have 3 children who cycle to school and my wife cycles to work. Their safety is just as important as cars drivers, and they don't have safety belts / air bags if they skid. The message being sent out is "when the weather is bad, don't cycle to work because the roads/paths are too dangerous", implying they should take the car. Much more needs to be done to provide safe passageways for cyclists. | Feb 03, 2009 |
| 295 | Mrs | Samantha Davies | Cambridge | Cambs | | I fell off on an ungritted path, which is part of National Cycle Network, two weeks ago, and sent email to Cambridge County Council asking them to justify their position. I am still waiting for a response. They are failing in their duty of care to cyclists. | Feb 04, 2009 |
| 303 | Ms | Theresa Prevost | CamBRIDGE | Cambs | | As a city that is seeking to promote sustainable transport, gritting cycle paths is an absolute essential when the temperature hits zero. | Feb 04, 2009 |
| 308 | Dr | Alice Reid | Cambridge | Cambs | | Not gritting cycle paths forces cyclists into the middle of main roads, slowing down other traffic and putting themselves at risk. With less insight into the possible dangers, children are at particular risk, but must continue to get to school. | Feb 04, 2009 |

| | | | | | | | |
|-----|-----|------------------|-----------|----------------|----|---|--------------|
| 309 | Mrs | Jennifer Byford | Girton | Cambridgeshire | UK | I am very concerned for the safety of children cycling to school on icy mornings. Given the very large number of cyclists in Cambridge, I believe it is unreasonable of the Council to take the view that cycle routes are not major routes. | Feb 04, 2009 |
| 312 | Dr | Jeremy Johnson | Cambridge | Cambs | UK | The ungritted roads are lethal. I witnessed a sliding Volvo very nearly killing a cyclist and two pedestrians yesterday on riverside. If riverside is currently designated as a road of little importance when gritting, this policy badly needs to be reviewed in the light of the new bridge and apartments nearby | Feb 04, 2009 |
| 316 | Mrs | Vicki Lant | Cambridge | Cambridgeshire | UK | My son cycles to school/college on a daily basis and it is his form of independent travel in the city. He has opted to walk during the snow having witnessed numerous people falling off bikes where cycleways were ungritted. | Feb 04, 2009 |
| 318 | Ms | Julie Robinson | Cambridge | Cambs. | UK | The gritting of cycle routes should be made a priority. | Feb 04, 2009 |
| 322 | Mrs | Karoline Sparkes | Cambs | cambs | | My son and friend and my husband travel from Coldhams lane 9top end near C Hinton0 to Burnside/Perne Rd along the TINS cycle path. The Bridge on this path goes over the railway. It is and has been for 2 days LETHAL. Cyclists are hanging onto fencing to get from one side to the other something has to be done to protect our children, the alternative Coldhams Lane in rush hour is NOT an option for 11 year olds! | Feb 04, 2009 |
| 324 | Ms | Judith Weik | Cambridge | cambridgeshire | | We have had several near accidents on our bikes on the icy paths, it is very dangerous even when walking and pushing our bikes! Surely there are more bikes than cars in Cambridge, so the cycle paths should be a priority. | Feb 04, 2009 |
| 325 | Mr | George Craven | Cambridge | Cambridgeshire | | Surely it is a no-brainer, cycle paths must be gritted and I am shocked to hear they are not - how can that be justified | Feb 04, 2009 |

| | | | | | | | |
|-----|------|------------------|-----------|----------------|----|--|--------------|
| 326 | Dr. | Johannes Grosse | Cambridge | Cambridgeshire | | Cycle paths are not only not gritted, they are not safe in many respects, e.g. right of way is not clear at crossings and at the end, too narrow, not smooth, not unidirectional, no safety distance to the car traffic etc. Overall cycling seems to be a neglected way of getting to work or school, whereas it could be the solution to the problems with car traffic and congestions in Cambridge. Rethinking the current policy towards cycle paths is overdue. | Feb 04, 2009 |
| 328 | Mr | John Dutton | Heydon | Cams | UK | We are trying to get people out of cars - this policy runs directly contrary to that objective. | Feb 04, 2009 |
| 330 | Mrs | Alison Gallagher | Cambridge | Cams | UK | I recently telephoned the council to complain about the state of the road surface at Riverside. My daughter came off of her bike due to the ice, along with a number of other cyclists. I have since seen a number of accidents along that stretch cyclists and pedestrians a like. | Feb 04, 2009 |
| 333 | Mrs | S Bryant | Cambridge | Cams | UK | Like a third world! | Feb 04, 2009 |
| 334 | miss | alison banwwll | cambridge | england | | yes, please grit cycle paths, it's a necessity! | Feb 04, 2009 |
| 336 | Ms | Nicky Webb | Cambridge | Cambridgeshire | UK | My 10 year-old daughter fell off her bike on the way to school the other day; I also skidded on the ice and narrowly avoided falling into the path of another bike. It seems ludicrous not to keep cyclists safe by adopting a policy of not gritting cycle paths - does the city really want us all to resort to driving our cars in this weather? | Feb 04, 2009 |
| 348 | Mr | Anthony Bailey | CAMBRIDGE | Cambridgeshire | | Cycle paths are now unsafe. We need to continue to encourage an alternative to using cars in the city, what better signal that you are prioritising cyclists than making cyclepaths the priority. As it is in the cold weather your policy is encouraging car usage as the only safe option. Can this be consistent with the rest of your transport policy? | Feb 04, 2009 |
| 355 | Dr | Roland Randall | CAMBRIDGE | Cams | UK | I am not only concerned for myself but also for the many students from my college who use bicycles in and around Cambridge | Feb 04, 2009 |

| | | | | | | | |
|-----|-----|-------------------|-----------|----------------|----|---|--------------|
| 356 | Dr | Jane Fleming | Cambridge | Cambridgeshire | UK | Cycle paths are often also footpaths. Preventing older people falling could save the council ££££ in community and long-term care costs after hip fracture. | Feb 04, 2009 |
| 357 | Ms | Sophie Clarke | Cambridge | Cambridgeshire | | If you are trying to encourage people to cycle/walk to work and leave their car at home this is not the way to go about it! | Feb 04, 2009 |
| 363 | Mr | Toby Benham | Cambridge | Cambridgeshire | UK | I came off my bike a couple of weeks back after hitting black ice on the Midsummer Common towpath just after the bridge near cutter ferry path. A woman who stopped said she'd done the same a year ago. Two minutes later, another cyclist came off in the same spot. I was fortunate not to be injured - someone coming the other way could slide into the river! If it isn't possible to routinely salt all paths, could salt bins be strategically placed to allow public to spread it on tricky spots? | Feb 04, 2009 |
| 364 | mrs | stefanie mueller | cambridge | cambridgeshire | UK | in a time when we all have to find solution of alternative transport to ease the traffic and consider the environment, surely all efforts should be made to support the people that choose to avoid using cars! | Feb 04, 2009 |
| 365 | Ms | Virginie Lourgant | Cambridge | Cambs | UK | Roads should be made safe for all in icy times. As example my 12yr old daughter fell off her bike on slippery road on her way to school yesterday (3/2/09) and was left quite injured. She also mentioned to me that several of her school friends had had similar accidents on the same day. I, myself ended up having to walk my bike after a couple of alarming skids. If we are to keep functioning ie keep going to work, school etc, we must feel safe. Thank you. | Feb 04, 2009 |
| 366 | Dr. | Helen Fani | Cambridge | Cambridgeshire | UK | This is an important issue to be addressed if Cambridge is serious about encouraging cycling rather than use of cars. The problem is that even walking to school has become dangerous. | Feb 04, 2009 |
| 368 | | Shelley Innes | Cambridge | Cambridgeshire | UK | My son wisely chose to walk rather than cycle to school in spite of the delay this caused. I do not own a car, I walk everywhere -- pavements are treacherous long after the initial snowfall -- so what am I paying taxes for, I wonder? It seems that cyclists and pedestrians are second and third class citizens. | Feb 04, 2009 |

| | | | | | | | |
|-----|------|-------------------|-----------|----------------|----|--|--------------|
| 376 | Miss | Bridget Kelly | Cambridge | Cambridgeshire | | The paths on midsummer common and parkers piece are used by cyclists and pedestrians alike. The inability to have these gritted exposes the council's lack of real interest in promoting alternative transport in a very congested town as well as a shameful carelessness regarding the safety of its citizens. What is our council tax being spent on of there is no money left to grit a few paths? | Feb 04, 2009 |
| 379 | Ms | Catherine Squire | Cambridge | Cambs | | Children who cycle to school are being forced off cycle routes and onto roads in order to avoid the ice. | Feb 04, 2009 |
| 380 | Dr | Barry Rosen | Cambridge | Cambridgeshire | UK | What could be more important than an issue related to both safety of our children and their education? | Feb 04, 2009 |
| 382 | Dr | Julia Grosse | Cambridge | Cambridgeshire | UK | My son skidded off his bike on an ungritted but heavily used cycle route outside his school yesterday. The council encourages, but does not provide safe conditions for, cycling in Cambridge- a heavily congested and expanding city. | Feb 04, 2009 |
| 387 | dr | carl myhill | cambridge | cambridgeshire | UK | We have a multi-million pound cycle bridge we didnt really need near tesco. A couple of bags of grit on riverside would have been much more helpful. | Feb 04, 2009 |
| 390 | Ms | Michele Papai | Cambridge | Cambridgeshire | | It has been very dangerous and where the sun does not hit the path it is solid ice. Biking to Newham Croft Primary School was treacherous in spots. Walking is not always the best with children and I'm sure you don't want us driving on these days schools are in session. We had our Parkside student take a cab to Coleridge for classes this week. | Feb 04, 2009 |
| 391 | Mrs | Michelle Suckling | Cambridge | Cambs | UK | I wouldn't let my children cycle to school yesterday (3/2/09) - the cycle paths were just too dangerous - I took them in the car instead which just added to the morning rush hour traffic - I saw a lot of other parents doing the same thing. It doesn't make sense for the council not to grit these paths when they are trying to encourage more people to leave their cars at home and cycle instead! | Feb 04, 2009 |

| | | | | | | | |
|-----|-----|---------------|-----------|----------------|----|---|--------------|
| 394 | Ms | Sarah Almy | Cambridge | Cambs | | If cycling is to be encouraged in the city for environmental and health reasons, then cyclists in Cambridge need to be treated equally with drivers. Cycle paths are main roads too! | Feb 04, 2009 |
| 398 | Mrs | Sarah Stepney | Cambridge | Cambridgeshire | | My children cycle along the path from Trumpington to the City Centre along with hundreds of other cyclists reducing traffic congestion. The path has been covered with thick ice and is extremely dangerous. | Feb 04, 2009 |
| 399 | Dr | Alex Lyons | Cambridge | CAMBS | UK | The large number of adults and children who cycle to work in Cambridge surely justifies the small cost of gritting the cycle routes. They are an essential part of the transport infrastructure. By not doing this the council is being negligent and short-sighted. | Feb 04, 2009 |
| 401 | Mr | Peter Dyson | Cambridge | Cambridgeshire | | Please make the cycle paths better and safer | Feb 04, 2009 |
| 404 | mrs | sharon secker | cambridge | cambridgeshire | | the cycle paths along barnwell road are extremely bad | Feb 04, 2009 |
| 405 | Mrs | D Barton | Cambridge | Cambs | UK | The very busy tarmac cycle/pedestrian path across Parker's Piece has not been cleared of ice or gritted/salted by Wednesday 4 Feb, 2 days after snow occurred. It is very dangerous and consequently many users are cycling or walking on the grass area at the side of the icy tarmac path, for their own safety, with consequent erosion. | Feb 04, 2009 |
| 409 | Mrs | Pam Missenden | Cambridge | Cambridgeshire | UK | Coton cyclepath is another heavily used route and is currently treacherous. To be able to travel to work in safety is surely not too much to expect. | Feb 04, 2009 |
| 410 | | Wendy Ma | Cambridge | Cambridge | UK | After snow, the cycle routes are very dangerous to cyclist and pedestrian, there are more people go to work by bike or foot after snow, to gritting the cycle paths under snow condition should be dealt with immediately. | Feb 04, 2009 |

| | | | | | | | |
|-----|-----------|----------------|-----------|----------------|----|---|--------------|
| 414 | Dr | Rob Barton | Cambridge | Cambridgeshire | UK | I believe this should be done but sparingly, cheaply and efficiently. Not all cycle routes need to be gritted. Cyclists should use gritted roads where possible during these times. Cycle paths away from main gritted roads, such as that along the river or across the large greens, would do well to be gritted and I would endorse such a policy. | Feb 04, 2009 |
| 416 | Professor | Philip GIBBARD | CAMBRIDGE | Cambridgeshire | | Gritting of snow-covered roads, cycle- and footpaths is not the sole solution. These routes should be cleared of snow and subsequently gritted. This can be done using properly equipped vehicles (of various sizes depending on the situation). It is essential in a civilised society for safety as well as for ease of communication. | Feb 04, 2009 |
| 417 | mr | Neil Stepney | Cambridge | Cambridgeshire | UK | Cambridge is also sometimes called cycle city maybe a little help for the cyclists would be good | Feb 04, 2009 |
| 419 | Dr | Molly Andrews | Cambridge | Cambs | UK | My daughter broke her wrist cycling along Riverside, falling on the black ice there. The accident was completely unnecessary and would never have happened had the road been gritted. As she got up off the road, she saw 3 other people fall in various spots on Riverside. | Feb 04, 2009 |
| 421 | Ms | Jan Purath | Cambridge | Cambridgeshire | UK | If we want to reduce congestion by getting Cambridge residents to leave their cars at home, it is imperative that cycling and walking are made as safe as possible. | Feb 04, 2009 |
| 422 | Dr | Catriona Ball | Cambridge | Cambs | UK | I and my four children cycle to school every day, except when it is icy at which point I have to get into my car. I don't want to have to drive, but it is not safe to cycle (I have fallen off on ice on several occasions) and I think that it is extremely short-sighted of the local authorities not to put more effort into encouraging cycling in every possible way. | Feb 04, 2009 |
| 425 | | Charis Young | Cambridge | Cambridgeshire | | As a student in Cambridge it is vital to be able to cycle in all weather conditions, please protect us by gritting these cycle lanes. | Feb 04, 2009 |

| | | | | | | | |
|-----|------|------------------|-----------|----------------|----|--|--------------|
| 433 | Mrs | Ruth Howlett | Cambridge | Cambridgeshire | | Our Whole family has returned to road transport this week as the cycle paths to schools, Coleridge, St Bedes and Long Road have been unsafe and I have had to use the bus rather than cycle to Addenbrookes. We have had countless icy path induced injuries at Addenbrookes, a work load we could do without and the distress to people is immeasurable as it affects their income and mobility for weeks. Please grit if you are serious about getting people out of their cars. | Feb 04, 2009 |
| 434 | miss | jane turner | cambridge | cams | UK | Paths on Coldham's common are treacherous in this current icy weather | Feb 04, 2009 |
| 435 | | Janette Thomas | Cambridge | Cambridgeshire | UK | In the snow I chose to walk instead of drive to a meeting across town. This was a mistake since it would have been safer to drive as the pavements and cycle paths were ice yet the roads were clear. If the council want people to get out of their cars they need to provide a safe and reliable environment for walkers and cyclists. | Feb 04, 2009 |
| 436 | Mr | Tuhin Chaturvedi | Cambridge | Cambridgeshire | | There can't be any worthwhile excuse not to grit pathways frequented by cyclists & pedestrians, so please initiate the process of getting requisite funding and resources to move this forward at the earliest. | Feb 04, 2009 |
| 437 | Dr | William Colledge | Cambridge | Cambridgehire | | Considering the importance of cycling in Cambridge and the fact that it is a green form of travel, I am amazed at the short-sightedness of the council in not gritting the cycle routes. | Feb 04, 2009 |
| 440 | Dr | Simon Mentha | Cambridge | Cambridgeshire | UK | I was disappointed to find treacherous patches of ice on the main path from Riverside across Midsummer Common (night of 2009-02-03) | Feb 04, 2009 |
| 442 | Miss | Liane Grainger | Cambridge | Cambridgeshire | | The area from Stourbridge common to by the new bridge is very dangerous. | Feb 04, 2009 |
| 444 | MRS | Renata Cann | Cambridge | Cambridgeshire | UK | YES I agree, The roads in Cambridge are not safe and neither are the cycleways . | Feb 04, 2009 |
| 449 | Mr | Aman Coonar | Cambridge | Cambridgeshire | | The council committee and senior management will have to accept some personal responsibility for injuries suffered as a consequence of this policy. The children and younger people who cycle may not have as loud a voice as car drivers, but their parents do. | Feb 04, 2009 |

| | | | | | | | |
|-----|------|------------------|------------|----------------|----|--|--------------|
| 459 | Prof | Ted Briscoe | Chesterton | Cambs | | I have heard the excuse that e.g. Riverside is not gritted because parked cars prevent it being done completely. Obviously, gritting a path down the road significantly increases safety for cyclists. Over the last few months, I have seen several cyclists fall on Riverside, and my daughter ended up in A&E after one such fall. This is an issue not just when it snows but on any wet night when the temperature falls below freezing and as much of Riverside is in shade until mid-afternoon. | Feb 04, 2009 |
| 471 | Mr | Terry Macalister | Cambridge | Cambridgeshire | UK | Current situation is terrible for me cycling to work and very dangerous for my eldest who cycles to school. You desperately need to encourage low-carbon lifestyles at a time of global warming. Please don't just grit the road for carbon-choking cars. | Feb 04, 2009 |
| 474 | Dr | Joe Smith | Cambridge | Cambridgeshire | | Part of encouraging more walking and cycling, making the population healthier and reducing congestion in the process, is making safe priority routes pleasant and usable 365 days a year. The investment is essential if we are to get more people off the roads all year round. | Feb 04, 2009 |
| 477 | Mr | Steve Nation | CAMBRIDGE | Cambridgeshire | UK | You know it makes sense! | Feb 04, 2009 |
| 482 | Mr | David Hubbard | Cambridge | Cambridgeshire | UK | The state of the new cycle bridge over the river off St Andrews Road was highly dangerous this week. | Feb 04, 2009 |
| 485 | | Hidde Wallaart | Cambridge | Cambs | | Well said Robert!It's no good claiming Cambridge is a town for cyclists and then not maintaining the few dedicated cycle paths that exist. The council is clearly abdicating its responsibilities here. | Feb 04, 2009 |
| 490 | Mr | Jonathan Bowden | Cambridge | Cambridgeshire | UK | I have fallen off my bike once on Riverside road, and again on the main route across Midsomer Common, and have seen others do so too - I am extremely angry that our council has not bothered to grit these locations. | Feb 04, 2009 |
| 493 | Prof | David Thompson | Cambridge | Cambs | | This is particularly true also of road which have been subject to traffic calming measures where the cycle lanes are often never cleaned, fill up with water (which freezes) and do not provide a continuously safe ride. | Feb 04, 2009 |

| | | | | | | | |
|-----|------|-----------------------|-------------|----------------|----|--|--------------|
| 498 | Mr | Tony Juniper | Cambridge | cambridgeshire | UK | As parliamentary candidate for the Green Party I think it appalling that people are being injured. There should be a basic assumption to grit cycle-ways. | Feb 04, 2009 |
| 499 | Mr | R Ross-Langley | Knebworth | Herts | UK | Cambridge needs to encourage the use of bicycles instead of cars. | Feb 04, 2009 |
| 500 | Mr | Alasdair Cant | Cambridge | Cambridgeshire | UK | Gritting cycle ways is just one more practical way of making cycling a realistic alternative mode of transport for Cambridge. | Feb 04, 2009 |
| 503 | | Angela Waller | Cambridge | Cambridgeshire | | Cambridge should be encouraging people to cycle and walk-both pavements and cycle ways have been treacherous in the last three days. | Feb 04, 2009 |
| 504 | mrs | Gianna Biamonti-Bello | Vinery Road | Cambridgeshire | UK | Its essential to maintain safety on the roads | Feb 04, 2009 |
| 505 | Miss | Anonymous | Cambridge | Cambridge | UK | There was a student killed in a cycling accident last week. Gritting major cycling routes is very important in a city where many people (locals and students) depend on cycling to get around. | Feb 04, 2009 |
| 515 | Ms | Emily O'Hare | cambridge | cambridgeshire | | No grit on Elizabeth way pedestrian/cycle route, so to stop falling off our bikes we have to cycle on Elizabeth way with all the cars.This is very dangerous | Feb 04, 2009 |
| 518 | Ms | Judith Britnell | Cambridge | Cambridgeshire | | From Newnham to Parkside across Lammas Land is extremely dangerous and my children have already fallen off their bikes on the way to school. | Feb 04, 2009 |
| 520 | Mr | William Hudson | Cambridge | Cambridgeshire | | Disgusted this has not been done when so many journeys in Cambridge are made by bike. | Feb 04, 2009 |
| 525 | Dr | Chris Tucker | Cambridge | Cambs. | | I think ALL designated cycle routes should be gritted. | Feb 04, 2009 |
| 526 | dr | Nancy Standart | Cambridge | Cambridgeshire | UK | I am one of those who came off of a bike along Midsummer Common cycle path - on the way to work in town in December on black ice. My husband too had an accident on the same stretch. We emailed the Council then, and were horrified that there was a no gritting policy of cycle paths | Feb 04, 2009 |
| 536 | Mrs | Elaine Barker | Cambridge | Cambridgeshire | UK | I have 3 children - 2 of whom cycle and the roads are extremely dangerous enough without this added problem in the winter. This is supposed to be a ecologically friendly city why is this not a top priority and also why is the trade waste not recycled???!!!!! | Feb 04, 2009 |

| | | | | | | | |
|-----|-----|-----------------|-----------|----------------|----|--|--------------|
| 537 | | Andy Hilton | cambridge | cambs | | This is common sense - get on with it! | Feb 04, 2009 |
| 538 | Dr | Robert Debenham | Cambridge | Cambs | UK | How can Cambridge be a cycling demonstration town and not do this? It puts many children at risk of injury on their way to school | Feb 04, 2009 |
| 539 | mr | michael lynch | cambridge | cambridgeshire | | this happens every decade or so. footpaths, cyclepaths & minor roads never gritted. Accountants do not see any cost benefit in doing this. People have to walk in the road so as to not fallover the ice. Just speak to A&E at Addenbrookes | Feb 04, 2009 |
| 540 | Mrs | Ysanne Austin | cambridge | Cambs | | Please grit cycle routes in cold weather in Cambridge. This mode of transport is first choice in Cambridge for many city centre residents and for many children their transport to and from school. Encourage cycling rather than taking a car in all weather. Walking is not always an option | Feb 04, 2009 |
| 542 | Mrs | Eeva Stewart | Cambridge | Cambridgeshire | UK | GRIT ALL MAJOUR CYCLE ROUTES IN CAMBRIDGE DURING WINTER AS THEY CAUSE ACCIDENTS AND INJURIES TO CHILDREN (AND ALL WHO USE THEM).THANK YOU. | Feb 05, 2009 |
| 543 | Mrs | Lin Hill-Tout | Cambridge | Cambridgeshire | UK | My daughter cycles to Parkside school and I have great concerns when cycle paths are not gritted. I have accompanied her to school on pretty lethal icy cycle paths & wants the Council to take this concern seriously. | Feb 05, 2009 |
| 559 | Mrs | Hannah Kelly | Cambridge | Cambs | UK | Riverside is lethal in the winter months with ice and snow becoming a skiddy, rutted ice-rink. I have two children and cannot manage to push the double buggy along there - today I have had to keep my daughter away from nursery as the journey is simply too dangerous and I have no car. I am an environmental commuter, walking or cycling everywhere and the new footbridge encourages people like me but NOT if you then fall as you walk along Riverside - why grit the bridge and not the road?!!!!????!!!! | Feb 05, 2009 |
| 560 | Mr | Steve Hodgson | Comberton | CAMBS | UK | And that includes joint pavement/pedestrian paths coming into Cambridge from the outlying villages. The trip from Comberton into Cambridge has been pretty hair-raising the least few mornings. | Feb 05, 2009 |

| | | | | | | | |
|-----|------|------------------|-----------|----------------|----|--|--------------|
| 562 | | Anonymous | Cambridge | CambridgeShire | | Cyclists should drive more carefully.The cycle roads are generally not safe enough for cyclists.Taxis should respect cyclists. | Feb 05, 2009 |
| 571 | Mr | Tom Cobbold | Cambridge | Cambridgeshire | UK | Cycle paths and cycle lanes on roads are constantly ignored by gritters during icy and snowy weather. Something needs to be done about this. | Feb 05, 2009 |
| 573 | | Caroline Ash | Cambridge | Cambs | | Please grit cycle routes and pavements to offer safe alternative routes to work and school under snowy and icy conditions. It's crazy having the roads blocked with stranded cars and the pavements unpassable too. | Feb 05, 2009 |
| 576 | Cllr | Amanda Taylor | Cambridge | Cambridgeshire | UK | More grit for cyclists! | Feb 05, 2009 |
| 577 | | Rebecca Rowntree | Cambridge | Cambs | UK | We're supposed to be a cycle demonstration city. How can you NOT grit cyclepaths? Are we second class citizens? | Feb 05, 2009 |
| 583 | mrs | Lisa Pollitt | Cambridge | Cambs | UK | As a family we cycle every day to school/work/nursery. Please make it safe for us during very cold weather and grit the cycle paths. We are trying to do our bit for the environment but it puts us off cycling.Thank youThe Pollitt familv | Feb 05, 2009 |
| 584 | Mr | Anonymous | Cambridge | Cambridgeshire | | It's death on a stick out there! | Feb 05, 2009 |
| 587 | Mr | Tom Hartley | Cambridge | Cambs | UK | I can see that there would be issues with salt run-off without road-drains affecting wildlife, and a 'where do we stop' issue, but I think to not do any cycle paths is untenable.I wholeheartedly support this petition | Feb 05, 2009 |
| 594 | | Dave Fox | Cambridge | Cambridgeshire | UK | i saw 2 cyclists fall within a few minutes of each other on black ice along Riverside in January 2009. | Feb 05, 2009 |
| 597 | Mr | James Urquhart | Bottisham | Cambs | UK | The CCC needs to evolve its planning more proactively to reflect the actual volumes of traffic and the likelihood off accidents. | Feb 05, 2009 |
| 602 | | Janet Earl | Cambridge | Cambridgeshire | UK | We cycle to school and back, 1 parent and 2 children - it is not just people going to work! | Feb 05, 2009 |
| 605 | Dr | Hugh Hunt | Cambridge | Cambs | | Long overdue. | Feb 05, 2009 |
| 610 | Dr | Anthony Eva | Cambridge | Cambridgeshire | UK | It's a disgrace that Cambridgeshire County Council - and councillors - treat Cambridge cyclists with such utter disdain. For the best part of a week Riverside has effectively been a skating rink and I've witnessed many accidents. Same on you! | Feb 05, 2009 |

| | | | | | | | |
|-----|---------|--------------------|-----------|----------------|----|--|--------------|
| 611 | Mr | Glen Taylor | cambridge | cambridgeshire | UK | this is an essential safety measure - and one that could protect the council tax payer from litigation as well as the obvious benefits of providing a safer transport route for many | Feb 05, 2009 |
| 620 | Mrs | Stephanie Dallas | Cambridge | Cambs | | It's done in other developed countries such as Germany and Holland - why not here?? | Feb 05, 2009 |
| 621 | Miss | Eleanor Helps | Cambridge | Cambridgeshire | UK | I have to take the bus when it snows, as it is so unsafe to cycle to work. This puts more pressure on public transport, and results in my journey taking approximately 3 times as long as normal, due to the unreliability of the buses. | Feb 05, 2009 |
| 623 | Mrs | Maria contrino | cambridge | cambridgeshire | | some cycle paths run on large pavements. they are at present very dangerous due to the fact that the snow has become hard and slippery. please consider clear those as well for cyclists and pedestrians | Feb 05, 2009 |
| 631 | Ms | Karen Sim | Cambridge | Cambridgeshire | | Cycling is already a hazard, it is worse on these slippery roads! | Feb 05, 2009 |
| 635 | Revd Dr | Jeremy Morris | Cambridge | Cambridgeshire | UK | Cyclists are especially vulnerable to slipping in icy weather, and I think ss a matter of equity cycle routs should be gritted in a freeze. | Feb 05, 2009 |
| 637 | Mrs. | Ruth Epele Dickens | Cambridge | Cambridgeshire | | Especially the cycle path along Barton Road from Cambridge to Barton, please, as many use that to get into Cambridge to work as well as taking children to and from school! | Feb 05, 2009 |
| 645 | Ms | Danae Evans | Cambridge | Cambs | UK | As regular cyclists fromm Chestreton to both town and school locations we all found Riverside unridable eespecially Wednesday 4th. I was not the only person having difficulties either cycling or walking. | Feb 05, 2009 |
| 653 | | James Wise | Cambridge | Cambridgeshire | UK | I cycle to work every day. Cycling in Cambridge should be encouraged especially considering the congestion problems in the city which have been made worse by the roadworks on Hills Rd bridge. | Feb 05, 2009 |
| 654 | Mrs | Vicky McDonnell | Cambridge | Cambridgeshire | UK | You want to reduce the traffic in Cambridge you need to make it safer for cyclist. | Feb 05, 2009 |

| | | | | | | | |
|-----|-----|---------------------|---------------|----------------|----|--|--------------|
| 657 | Mr | William Younger | Cambridge | . | UK | Cycle- and foot-bridges across the Cam are particularly treacherous as they don't have the clearing effect of motor traffic in marginal conditions. I think they need more attention (proportionate to their tarmac area) than the roads | Feb 05, 2009 |
| 661 | Mr | Tim Seru | Cambridge | Cambridgeshire | UK | I agree totally; I broke both wrists falling off bike on ice December 2008. | Feb 05, 2009 |
| 662 | Mr | Matthew Polaine | Cherry Hinton | Cambridge | UK | Cambridge City promotes itself as the UK's Cycling City. It's not. Local Highways Department doesn't believe in clearing or gritting ANY cycle routes including National Cycle Network routes in the region. This is not a Cycle Demonstration City or Safer Routes to School mindset. Stop talking, start doing. | Feb 05, 2009 |
| 663 | Mr | Rob Leslie | Cambridge | Cambs | UK | I've come off my bike because of ice this winter, and at least 4 of my immediate colleagues have too. If Cambridge is to set a good example to the rest of the UK, if not the world, we need to look after cyclists. | Feb 05, 2009 |
| 665 | | ANGELA MANDER-JONES | Huntingdon | Cambridgeshire | | Thnat the cycle routes are not gritted is beyond belief. | Feb 05, 2009 |
| 668 | Ms | Nicole Zahn | Cambridge | Cambridgeshire | UK | Riverside Road is particularly dangerous! | Feb 05, 2009 |
| 673 | Dr | Mark Manning | Sawston | Cambridgeshire | | Cambridge is now so full of traffic that congestion charging is being seriously considered. One easy way to reduce traffic congestion is to make it easy and safe for people to get to work by bike instead of by car. But this requires that cycle lanes be maintained to the same standard as the roads, and gritted or salted in winter. | Feb 05, 2009 |
| 675 | Mrs | Anonymous | Cambridge | Cambridgeshire | UK | Our children cycle to school every day in the rain, wind, hail, snow, sleet, or sunshine! This not only keeps them healthy and active, but also allows them some independence An added bonus is that this also helps the council – cutting back city road traffic congestion caused by the use of cars to drive children short distances to city schools. In Cambridge we pay considerable council tax, perhaps the return gesture is to prepare/grit cycle paths. Cambridge is famous worldwide for its cyclists! | Feb 05, 2009 |

| | | | | | | | |
|-----|------|------------------------|--------------------------|----------------|----|--|--------------|
| 676 | Mrs | Jen Reynolds | Cambridge | Cambridgeshire | UK | Definitely need to salt the cycle paths! It's dangerous on the roads with the cars and annoying for the drivers, but we have no option if the cycle paths aren't gritted. Please grit them! | Feb 05, 2009 |
| 678 | | Anonymous | Cambridge | Cambridgeshire | | I consider it ludicrous that cycle routes aren't being gritted. It puts pedestrian and cyclists' lives at risk. | Feb 05, 2009 |
| 682 | Miss | Clare Francesca Gannon | Great Shelford | Cambridge | UK | Not gritting the paths forces us to cycle on the roads and this is dangerous since all the slush accumulates at the edges. If we cycle in the middle, we irritate all the traffic! Either way, it's extremely risky. | Feb 05, 2009 |
| 686 | Mrs | Elizabeth Wieser | Fen Ditton, Cambridge | | UK | Wadloes footpath is very heavily used and needs sweeping occasionally as well as gritting. It was slippery even before the freeze due to fallen leaves. | Feb 05, 2009 |
| 695 | | Christa Jostock | Arkesden, Saffron Walden | | UK | I usually cycle from the Babraham Rd Park and ride to Hills Road. I did not this morning, because the cycle paths had not been cleared and remembering a bad fall when cycling on an icy road, I was worried. I was horrified about the danger that many cyclists were in trying to cycle on the icy path. | Feb 05, 2009 |
| 697 | Mrs | cathy Michell | Cambridge | cambridgeshire | UK | We should be reorientating our priorities. Cycling to work is green and so cycle paths should be the first to be gritted, not roads. | Feb 05, 2009 |
| 703 | Mr | Christopher Helps | Cambridge | Cambridgeshire | UK | The foot/cycle paths around Newnham have been very uneven and dangerous especially today with the ice underneath the new snow | Feb 05, 2009 |
| 707 | Mr | Rowland Coombes | Cambridge | Cambridgeshire | | One morning in December 2008 I saw at least 8 cyclists fall off coming down River Lane onto Riverside. I used dishwasher salt on the bend to stem the tide of bloodied cyclists. An inhabitant from a houseboat asked to borrow my salt because 17 people had fallen that morning coming down Saxon Road onto Riverside. | Feb 05, 2009 |
| 708 | Ms | Ruth Sapsed | Cambridge | Cambs | | we should be supporting people to stay out of cars | Feb 05, 2009 |
| 709 | mr | anthony stevens | cambridge | cambs | UK | cyclist need gritted cycle paths and roads during freezing weather | Feb 05, 2009 |

| | | | | | | | |
|-----|-----|--------------------|-----------|----------------|----|--|--------------|
| 719 | Ms | Petra Staubitz | Cambridge | Cambridgeshire | UK | As someone who pays council tax and cycle instead of using a car -which is environmental friendly- I feel left out if nothing is done to make cycling save in winter times. | Feb 05, 2009 |
| 732 | Mrs | Katherine Helps | Cambridge | Cambs | | I cycled to work today (I am in my 50s and if I break something I risk being off work for a while) and nearly came off once. The alternative is to get the car out. If we all do that the traffic will be even worse than it is already. But if the paths are not gritted then I may have to. | Feb 05, 2009 |
| 740 | | T Houghton | Cambridge | Cambs | | A good idea - the cycle paths are lethal | Feb 05, 2009 |
| 744 | MR | Oliver Caroe | Cambridge | Cambs | | I would also add that the approaches and steps to the cycle bridge on Rustat Road are only occasionally gritted. | Feb 05, 2009 |
| 746 | Ms | Lynette Williamson | Cambridge | Cambridgeshire | UK | The cycle paths are lethal in cold weather when snow melts and becomes ice. It is wrong to force children to cycle to school on main roads in heavy traffic just to save money! | Feb 05, 2009 |
| 750 | Mrs | Nicola Pearson | Cambridge | Cambridgeshire | UK | I was surprised at the state of the Greville Road / Rustat Raod intersection and indeed the on and off ramps of the cycle bridge which were very icy on Tuesday. This is an important cycle route which I chose to use expecting it to have been gritted and to be safer than the main road. I had to get off the road and walk on the pavement. Please note that this was over 24 hrs after the heavy snowfall. | Feb 05, 2009 |
| 756 | Dr | Dan Sheppard | Cambridge | Cambridgeshire | UK | Start taking cycling seriously as a means of transport! | Feb 05, 2009 |
| 761 | Mr | Peter Ford | Cambridge | Cambridgeshire | UK | If gritting is too expensive, at the very least the snow could eventually be cleared from the paths; I expected there to be problems immediately after this weeks heavy snowfalls, but was rather disappointed to discover nothing had improved a day or two later. But then not even piles of broken glass get cleared from cycle paths in less than a fortnight, in which time they had caused me two punctures. | Feb 05, 2009 |
| 762 | Mrs | Paula Bishop | Cambridge | Cambridgeshire | UK | False economy - a & e must be full of injured cyclists this week. Riverside is a major cycle route and has been literally a no go route. How much does arit cost? | Feb 05, 2009 |

| | | | | | | | |
|-----|-----|-----------------|-----------|------------------|----|---|--------------|
| 770 | | Julia Fletcher | Cambridge | Cambs | | I was a casualty on Riverside so I wholeheartedly support this request. A month later, my knee is still not recovered, and I have had to buy a new bike as the old one was too badly damaged. | Feb 06, 2009 |
| 772 | Dr | James Ward | Cambridge | Cambs | | It's great to see that the Council DOES grit some cycle paths (eg the foot/cycle bridge near Cambridge railway station). Keep up the good work! However, others are poorly maintained. Compared with cars, cyclists are obviously particularly vulnerable to slipping on ice. If cycling is to be encouraged, it has to be made practical and safe. | Feb 06, 2009 |
| 773 | Mrs | Tina Bingham | Cambridge | Cambridgeshire | UK | It is disgraceful and dangerous that cyclists' safety in Cambridge has been ignored during the icy weather - as a Cycle Demonstration town, cyclists deserve better treatment than this. | Feb 06, 2009 |
| 779 | ms | Carole Douillot | cambridge | cambridgeshire | UK | I fell off my bike twice and sent an email to camb. county council and they replied they couldn't grit all the roads, so the issue is not only cycle paths but any roads in Cambridge. | Feb 06, 2009 |
| 780 | | Sinead Hynes | Cambridge | Cambridgeshire | | Please grit the cycle paths. It is very dangerous. | Feb 06, 2009 |
| 781 | Mr | Tim Baverstock | Cambridge | www.number10.gov | UK | Why isn't this on www.number10.gov.uk? | Feb 06, 2009 |
| 786 | Mr | Eric Gowland | Landbeach | Cambridgeshire | UK | With a quoted 25% of commuters in the city travelling by bike, it is an absolute travesty that the council continues to treat cyclists as second class citizens. I sincerely hope this is ignorance rather than a blatant disregard for the safety of a substantial portion of the cities residents. | Feb 06, 2009 |
| 787 | Dr | Susan Jackson | Cambridge | Cambs | UK | If priority is given to cycle paths, then more people will use bikes or walk when the roads are icy and snowy. At the moment, regular cyclists like my husband and me are forced into our car because it is not safe to cycle. The undergraduate students are not allowed to have cars and need to cycle to get to lectures. You are putting their lives at risk by not keeping cycle paths open. | Feb 06, 2009 |
| 788 | Mr | Stephen Jones | Fulbourn | Cambs | UK | If you want more people off the road and on bikes, then the cycle lanes have to be cleared as well as the roads. | Feb 06, 2009 |

| | | | | | | | |
|-----|------|----------------------|-----------|----------------|----|--|--------------|
| 789 | | Anonymous | Ely | Cambs | | Pedestrians need safe pavements as well. | Feb 06, 2009 |
| 790 | Dr | Peter Watson | Cambridge | Cambridgeshire | | I have not seen any gritters out on the roads in Cambridge where we have significant footfall, rush hour traffic and cyclists. I saw 2 cyclists falling off their bicycles on a particularly icy corner of Coe Fen Common two days ago. These paths and roads need gritting. | Feb 06, 2009 |
| 794 | Dr | Elisabeth Silver | Cambridge | CAMBS | UK | Not gritting the cycle paths just mean more people use their cars and add to the problems | Feb 06, 2009 |
| 798 | Miss | Emily Adams | Comberton | Cambridge | UK | Excellent idea to grit cycle paths - having been forced to cycle on the road this week due to no gritting or clearing of the path I use every day to get to work, I appreciate it even more! | Feb 06, 2009 |
| 802 | Mr | Christopher Hoggarth | Cambridge | Cambridgeshire | UK | It should be 'common sense' to grit cycle paths in a city like Cambridge and I am surprised to see that a petition is required. | Feb 06, 2009 |
| 811 | Mr | Ian Hutchinson | Cambridge | Cambs | | The lack of gritting and snow removal on some major Cycle routes is a disgrace, making it very, very dangerous when cycling is often the only way for people to get around. Please invest in this in the future | Feb 06, 2009 |
| 813 | Dr | Gareth McCaughan | Cambridge | Cambridgeshire | | It is absolutely ridiculous not to be doing this. | Feb 06, 2009 |
| 816 | Dr | Paul Routley | Cambridge | Cambridgeshire | UK | Please grit foot paths as well | Feb 06, 2009 |
| 828 | Dr. | Ben Murton | Cambridge | Cambs | UK | This is an obvious way to reduce a major risk | Feb 06, 2009 |
| 831 | | Ed Slingsby | Cambridge | Cambridgeshire | UK | outrage | Feb 06, 2009 |
| 834 | | Anonymous | Cambridge | Cambs | | Apart from distress and pain caused by having an accident, it is surely cheaper to grit paths than pay NHS to patch up the injured. Also lost hours of work? | Feb 06, 2009 |
| 835 | Dr | Hooda Abdullah | Cambridge | Cambridgeshire | | If you are serious about promoting cycling (as a demonstration town you should be) don't make decisions that will deter people from cycling. | Feb 06, 2009 |
| 840 | Mr | Jeremy Newton | Milton | Cambs | | I've fallen off due to ice once this year. | Feb 06, 2009 |

| | | | | | | | |
|-----|------|----------------------|-----------------|----------------|----|---|--------------|
| 842 | Mr | David Smith | Cambridge | Cambridgeshire | UK | During the icy conditions we had between Nov & Jan, I have lost traction from my front wheel whilst cycling to and from work on at least 5 seperate occassions. As a result of this I sustained severe cuts and grazes to my hands, arms, knees, and chin plus prolonged pain in my upper arm and shoulder where I have impacted on the hard ground. If cycling is to be encouraged by councils they should make transport on two wheels safe, we are relatively unprotected and injuries occur even at low speeds. | Feb 06, 2009 |
| 843 | Mr | Michael Stanislawski | Cambridge | Cambridgeshire | UK | I have personally witnessed several accidents and also know people who have had accidents ranging from bruising to broken hips due to slipping on ice. The safer it is to cycle, the fewer people will use cars and | Feb 06, 2009 |
| 844 | Msq | Lisa Chapman | Lode, Cambridge | Cambs | UK | Not just cycle paths but all paths.It costs a lot less to grit paths than to treat patients in hospital suffering from broken bones!Even a campaign encouraging residents to clear their own drives and paths would put people in the right mind to care for each other, clear their streets and therefore help the council.If you want people out of cars and onto bikes or walking, then best stop treat them as second class citizens. | Feb 06, 2009 |
| 855 | Dr | Derek Roberts | Cambridge | Cambs | UK | May even require special machinery / vehicles to reach certain paths, but it still needs doing. Cycle users are council tax payers just as much as car users are. | Feb 06, 2009 |
| 860 | Ms | Julia Fischer | Cambridge | Cambridgeshire | UK | Pleas include the cycle route to Hinxtton (DNA way behind Addenbrooks) and the ones along the river Cam (for the rowers who want to cycle there at 6 in the morning). | Feb 06, 2009 |
| 866 | Miss | Lara Osmotherly | Cambridge | Cambridgeshire | UK | Given the relatively high proportion of people in Cambridge who commute by bike, I believe it is important to pay as much attention to these routes as the the main roads. | Feb 06, 2009 |
| 870 | Dr | David France | Cambridge | Cambs | UK | Please make the cycle paths of Cambridge more safe by adding some salt and or grit! | Feb 06, 2009 |

| | | | | | | | |
|-----|------|------------------|-----------|----------------|----|---|--------------|
| 872 | Dr | Ben Allen | Cambridge | Cambridgeshire | UK | Though the road routs in Cambridge are gritted, the majority of cycle routes that are not part of roads are not gritted. At the times of year when these paths are most useful getting cyclists away from dangerous road situations they can be unuseable. | Feb 06, 2009 |
| 877 | miss | Louisa Hodge | Cambridge | Cambridgeshire | UK | The cycle path from shelford to Addenbrookes, which i use every weekday, today had not been gritted and as a result was very slippery. This caused me to fall off my bike on my way to college, thankfully without serious injury but it did shake me up! Surely simply gritting the paths could prevent this from happening to anyone who bravely ventures out in this wet and freezing weather. | Feb 06, 2009 |
| 883 | Mrs | Suzanne Barton | Cambridge | Cambridgeshire | | Speaking as a cyclist who broke her ankle by falling off her bike which slipped on the ice earlier this week I would like to see cycle paths and allewways gritted! | Feb 06, 2009 |
| 891 | Miss | Natalia Stawniak | Cambridge | Oakington | UK | Please do something about. It is so difficult to cycle in snow from the Oakington! | Feb 06, 2009 |
| 902 | MR | andrew CARR | Cambridge | Cambs | UK | I feel off my bike on the ice at the junction of Beche road and Abbey Road in Dec 2008 which has not been gritted. I dislocated and fractured of my shoulder which has required surgery and lengthy rehabilitation - still ongoing. | Feb 06, 2009 |
| 906 | Ms | Julie Knapp | Cambridge | Cambridgeshire | UK | No way will I use my bike on icy cycleways at my rather advanced age! Therefore the car comes out to add to the congestion and pollution in town. There must be a lot of people like me. | Feb 06, 2009 |
| 908 | Mr | Galvin Clancey | Cambridge | Cambridgeshire | | Cycling is a sustainable mode of transport that should be encouraged by all levels of government. The County Council would be wise to do whatever it can to ensure excellent bicycle access in Cambridge so that automotive congestion can be kept low and the air clean. | Feb 06, 2009 |
| 909 | Dr | John Lazarus | London | London | UK | Cambridgeshire County Council is dragging its feet over gritting cycle tracks. It can lay no claim to environmental awareness, let alone claim to be taking into account the safety of the thousands of people who cycle in this area. | Feb 06, 2009 |

| | | | | | | | |
|-----|-----|------------------------|----------------|----------------|----|---|--------------|
| 911 | Mrs | Elizabeth McIntyre | Cambridge | Cambridgeshire | | Grit cycle paths. | Feb 07, 2009 |
| 912 | Mrs | Janice Layer | Great Shelford | Cambridge | | Do not promote cycle paths if you do not make the cycle paths safe for cyclists | Feb 07, 2009 |
| 920 | Mrs | Sharon Burrows Burrows | Cambridge | Cambridgeshire | UK | I have spoken to the Cambridgeshire County Council numerous times and they still refuse to grit the cycle routes. I was responsible for going to the press after falling off my cycle on Riverside which has been hazardous for most of December, January and now February. The County Council initially denied they had anything to do with gritting roads! However, they have a duty to grit cycle routes and keep Cambridge citizens safe and must put the cycle routes on the griting list. | Feb 07, 2009 |
| 921 | Ms | Catrin Burrows | Cambridge | Cambridgeshire | UK | I have seen the injuries my mother got from falling off her bike, because Riverside wasn't gritted. She didn't have full use of her arm, until a week after falling. Also she got bruises all over her legs and arms, but also back pains. I have to walk or cycle to school, and have slipped so many times but luckily havn't hurt myself as much as my mother has. | Feb 07, 2009 |
| 922 | Ms. | Sarah Nichols | Cambridge | Cambs | UK | It is pretty bad out there frequently and it's no more fun to crash on a bike than in a car. | Feb 07, 2009 |
| 932 | Mr | Neil Gooden | Cambridge | Cambridgeshire | UK | The County and City Councils of Cambridgeshire and Cambridge should be aware that large numbers of people cycle in ALL weathers, primarily as a result of the poor public transport system in and around Cambridge. Remember, each cyclist keeps another car off the road - cyclists deserve some respect and ice free cycle paths! | Feb 07, 2009 |
| 941 | mrs | andrea turpin | cambridge | cambs | UK | grit the cycle paths in order to keep encouraging cycling in all weathers. if the paths are gritted, it is safer than using the road. | Feb 09, 2009 |
| 943 | Mrs | Sue Davies | cambridge | cambridgeshire | | Over the past week the minor roads have been impassable for cyclists | Feb 09, 2009 |
| 944 | Mrs | Lisa Gray | Cambridge | Cambs | UK | I would particularly like to see 'the tins' cycle path between Coldhams Lane and Cherry Hinton gritted. In a couple of parts there is a gradient and especially the bridge over the railway is often very icy and hazardous. | Feb 09, 2009 |

| | | | | | | | |
|-----|------|------------------|-----------|----------------|----|--|--------------|
| 947 | mr | David Catto | Cambridge | cambridgeshire | UK | Riverside is now a major route used for Cyclists, Rowing Coaches, Families, Runners, Roller Blading. While in the past was a quiet part of the city, in the past 4 years has transformed to a well used area. Please put in place a gritting schedule including the area in front of the Technology museum and the Riverside Bridge | Feb 09, 2009 |
| 950 | Mr | Christopher Holt | Cambridge | Cambridgeshire | UK | I have just returned to work after 11 weeks off sick, recovering from a broken hip. Caused when I had a bicycle accident as a result of black ice on an un-gritted major cycle path. | Feb 09, 2009 |
| 951 | Mrs | Sarah Oliver | Cambridge | Cambs | UK | Ice on cycle paths forces a decision between risking an accident by skidding on ice on the cycle path and cycling on a road where cars are not expecting bikes. I have felt seriously unsafe, either way. | Feb 09, 2009 |
| 952 | Miss | Anonymous | Cambridge | Cambridgeshire | | I would also like to see the pavements gritted as well as I have got off my bike in the very icy weather and found walking is actually as if not more hazardous because the main routes into the city centre are not gritted and it is too dangerous to walk in the road. | Feb 09, 2009 |
| 955 | Mr. | John Tyler | Cambridge | Cambridgeshire | | I am dependent on the use of my bicycle, as are my partner and child, and the current policy places our lives and limbs at serious risk. | Feb 09, 2009 |
| 956 | Prof | Brian Moore | Cambridge | Cambs | UK | The cycle paths in Cambridge have been very slippery and dangerous during the past week, forcing me to share the road with cars. | Feb 09, 2009 |
| 957 | | Gabriele Gandlau | Cambridge | Cambridgeshire | UK | I endeavour to walk to work every day crossing Elizabeth Bridge, Cambridge, where the footpath is shared with bicycles. Last week proved to be a real test of agility as no gritting had been done! Also walking on the shared pavements in East Rd was not much better. On Friday afternoon, 6 Feb. I ended up walking in the road as it was much too dangerous on the pavements. If you want people to get out of their cars you MUST provide safe alternatives!!! | Feb 09, 2009 |

| | | | | | | | |
|-----|-----|-----------------|---------------------------|----------------------|----|---|--------------|
| 969 | Mr | Peter Hutchison | Cambridge | Cambs | UK | Cycle paths in Cambridge are heavily used commuting routes - they should be a priority for gritting, to minimise accidents, and encourage people to keep cycling instead of driving to work. | Feb 09, 2009 |
| 970 | ms | Cathy Parker | Cambridge | cambs | UK | Make cycling safe! | Feb 10, 2009 |
| 971 | Mr | John Matthissen | Gt Finborough, Stowmarket | Suffolk | UK | I cycled across Cambridge on Thursday 5th February for an EERA meeting. Conditions were atrocious on ungritted cycle paths and pavements. | Feb 10, 2009 |
| 972 | Dr | William Block | Cambridge | Cambs | UK | The latest spell of bad weather and subzero temperatures have highlighted the low regard that cycling has in the eyes of Cambs County Councils. Surely, when almost 1/4 of the city's population cycle daily, the care and maintenance of cycle ways (and roadsides) should be a high priority? | Feb 10, 2009 |
| 973 | Dr | Jo Reed | Cambridge | CAMBS | UK | grit the roads or we wont come to work | Feb 10, 2009 |
| 974 | Mrs | Nicky Blanning | Cambridge | Cambs | UK | It is essential that paths and cycleways on main routes (incl near schools) are gritted. Around Jesus Green, Lower Park Street, Riverside are especially bad, but many routes are too dangerous to use. I have had an accident and witnessed others - this costs time and money - and it would help if the county council gritted regularly. | Feb 10, 2009 |
| 984 | Dr | Brian Glasberg | Cambridge | Cambs | UK | Path across Lammas Land, Coton Footpath, Fen Causway pavement | Feb 10, 2009 |
| 985 | Mr | Anonymous | Cambridge | South Cambridgeshire | UK | I have twice slipped and fallen from my bike on ice along Riverside, despite riding quite carefully and slowly; one time bruising a nerve in my hip rather badly. That this road remains ungritted is quite surprising, despite the installation of a new bridge bringing even more bike traffic from Chesterton and Milton to this major commuter route. | Feb 10, 2009 |
| 987 | Ms | Alison Dew | Cambridge | Cambridgeshire | | The pavement cycle lanes crossing the A14 on the B1049 from Histon are lethal in icy/snowy weather - only alternative is to walk, or risk your life in amongst heavy traffic. | Feb 10, 2009 |

| | | | | | | | |
|------|-----|--------------------|------------|----------------|----|--|--------------|
| 992 | Mr | Andy Shaw | Cambridge | Cambs | UK | I have had to assist one cyclist who had fell from her cycle on the Trumpington Road cycle path and one pensioner pedestrian who had fallen and was unable to get up near the Shelford Road Petrol Station in the last week. How many more need to fall off? | Feb 10, 2009 |
| 993 | Mr | J Shanklin | Cambridge | Cambs | | A common sense policy of gritting roads, pavements and cycle paths when snow is forecast, rather than just when the temperature is forecast to be below zero would allow a fair distribution of available resources. | Feb 10, 2009 |
| 994 | | Pauline Richardson | Cambridge | UK | | Cycling in the past week along the cycle paths has proved tricky, necessitating in walking rather than the use of the bike. | Feb 10, 2009 |
| 997 | mr | Tim Marchant | Cambridge | Cambridgeshire | UK | I have previously fallen and hurt myself on black ice as I cycles across Lammas land. It was only luck that prevented serious injury. | Feb 10, 2009 |
| 999 | Mrs | romie Ridley | Cambridge | Cambs | UK | some cyclists have said that using grit as well as salt on new Addenbrookes cycle path has caused punctures. | Feb 10, 2009 |

| 1002 | Mr | Thomas Ridgman | Cambridge | Cambs | UK | Having just cycled through the recent snow I think the Council's position is scandalous. | Feb 11, 2009 |
| 1006 | Ms | Rosemary Baker | Stapleford | Cambridge | UK | Cycle paths AND footpaths please. | Feb 11, 2009 |
| 1014 | Dr | Norman Ratcliffe | Cambridge | Cambridgeshire | | Risks to cyclists from ice are potentially greater than for motorists owing to the inherently unstable nature of bikes and the rider being unshielded from falls. Gritting roads while excluding cycle paths on safety grounds is illogical | Feb 11, 2009 |
| 1020 | Dr. | Anonymous | Cambridge | Cambridgeshire | UK | main cycle roads off King's Hedge are not gritted. | Feb 11, 2009 |
| 1021 | Dr | Kathryn Rose | Cambridge | Cambridgshire | | This is an essential service in the winter given the number of cyclists and would potentially encourage more people to cycle. | Feb 11, 2009 |

| | | | | | | | |
|------|-----|---------------------|-----------|----------------|----|--|--------------|
| 1022 | Dr | Louise Sime | Cambridge | Cambridgeshire | UK | Have experienced two falls (lots of bruises, but no broken bones) so far this winter as a result of icy cycle paths. It is only a matter of time before broken bones, and potentially deaths occur. This would be money well spent. | Feb 11, 2009 |
| 1030 | | gabriele reifenberg | Cambridge | Cambs | UK | Since we are all now being encouraged not to use our cars we need all the support from local services that we can get | Feb 11, 2009 |
| 1036 | | Caroline Coetzee | Cambridge | Cambs | | I have suffered one painful fall and too many near misses to count this winter. Most of my safe routes are dangerously slick for much of the winter, forcing me onto busy roads. We have also had to use the car to for trips with our children because safe routes for them are too | Feb 11, 2009 |
| 1040 | Dr | Judith Murray-Rust | Cambridge | Cambs | UK | I live close to Riverside, which retained its ice very efficiently! It would have made all the difference to have it gritted, both to cyclists and | Feb 11, 2009 |
| 1044 | Dr | Jonathan Lawrence | Cambridge | Cambs | UK | the state of the cycle bridge over the railway and the cycle routes across Lamas Land was also a complete disgrace - indeed the latter is still impassable more than a week since the last | Feb 12, 2009 |
| 1045 | MRS | T GOODE | CAMBRIDGE | CAMBS | UK | Why do councils promote cycling as a alternative to transport problems and then not give these people the care they deserve, this only pushes people back to car transport in the bad weather. | Feb 12, 2009 |
| 1047 | Dr | Jane Elliott | Cambridge | England | | We should be doing everything we can to encourage people to use thier bikes in Cambridge. It is a false economy not to grit cycle routes. | Feb 12, 2009 |
| 1050 | | Jane Phillimore | Cambridge | Cambridgeshire | | I am fully behind this petition - icy cycle paths are dangerous and should be gritted to protect cyclist safety and keep cyclists on their bikes and | Feb 12, 2009 |
| 1057 | Mrs | Patricia Abrey | Cambridge | Cambs | UK | Our children are expected to cycle to school whatever the weather. We live on Milton Road, a major route into Cambridge but also to the Science & Business Parks, with cycle paths heavily used at rush hours. For the sake of saving injury & potential hospital treatment I urge this issue be taken seriously | Feb 12, 2009 |

| | | | | | | | |
|------|------|-----------------|-------------------|----------------|----|---|--------------|
| 1060 | Ms | Siew Yee Pang | Cambridge | Cambridgeshire | | Cyclist pay taxes and contribute to a cleaner environment. We are entitled to safe conditions too. In addition, if cycle paths are gritted and safe to use, cyclists will continue to cycle and thus car use is not increased when road conditions are bad. It helps to reduce cars on the roads and thus congestion. | Feb 12, 2009 |
| 1067 | Mr | David Walsh | Cambridge | CAMBS. | UK | Having been the victim of road rage on icy days when I was forced to cycle on the road as the cycle paths were too dangerous I wholeheartedly support this petition. | Feb 12, 2009 |
| 1072 | Mr | David Thompson | Benfleet | Essex | UK | My son lives in Cambridge and cycles to school every day. He has come off his bike this winter due to lack of gritting. | Feb 12, 2009 |
| 1074 | Mr | John Anderson | Cambridge | Cambridgeshire | UK | The failure to grit cycle paths is reckless and leads to both more injuries and cyclist switching from cycles back to cars. I came off my cycle on an ungritted cycle path, suffering bruising and stopped using my cycle as it was too dangerous. I drove instead. Stop thinking of the short term saving in sparing some grit and think of the longer term cost of injuries and more cars on the road. See how the Dutch do it. | Feb 12, 2009 |
| 1077 | | Carla Fracci | Cambridge | Cambs | UK | I am one of the cyclist that has suffered an injuring due to the lack of gritted cycle paths - I cycle to work and around town every day and my bike needs repairing every quarter due to the lack of 'smooth' roads and cycle paths in Cambridge | Feb 12, 2009 |
| 1078 | Miss | Lynn Maguire | Milton, Cambridge | Cambs | | I recently came off my bike when I skidded on a patch of ice at Riverside near the new cycle bridge. | Feb 12, 2009 |
| 1079 | Mr | Rob Turner | Cambridge | Cambridgeshire | | In particular the confluences of major routes must be cleared, it appears that crossing points attract most accidents. | Feb 12, 2009 |
| 1082 | Ms | Sue Lawson | Cambridge | Cambs | UK | Please consider gritting cycle paths sooner for the sake of my 4 children and me and indeed everyone else cycling to school in the mornings and refraining from using a car. | Feb 12, 2009 |
| 1089 | Mrs | Helen Entwistle | Cambridge | Cambs | UK | Sherlock Road and Eachard Road are extremely slippery during cold weather, and these roads are used by a greay number of cyclists and pedestrians. | Feb 12, 2009 |

| | | | | | | | |
|------|-----|-----------------|-----------|----------------|----|--|--------------|
| 1090 | Mrs | Anne King | Cambridge | Cambridgeshire | | Three members of our family use Cambridge cycle routes to get to work or college. | Feb 12, 2009 |
| 1092 | | Risa Carlson | Cambridge | Cambridgeshire | | My bike has slid on the ice twice in one week and both times I've hit the ice - hard. I have a child cycling to school each day and her safety is of great concern to me. Some gritting would be a big help. | Feb 12, 2009 |
| 1093 | Mr | Karl Tuplin | Ely | Cambridgeshire | | I cycle from the train station to work every day. During the recent bad weather the ice and compacted snow on the cycle ways have made them treacherous in places. I have had several near misses. I dislike using the roads as an alternative because a cyclist doesn't stand a chance against a skidding car. By its lack of action the Council is encouraging cyclists like me to revert back to our cars and put even more traffic on our already overcrowded road system. Please grit the cycle routes. | Feb 12, 2009 |
| 1095 | REv | Julian Hardyman | Cambridge | UK | | It is dangerous not to grit cycle paths and alleyways. | Feb 12, 2009 |
| 1096 | Ms | Eleanor Blair | Cambridge | Cambs | UK | Trumpington Road is another area that particularly needed attention in the snow. | Feb 12, 2009 |
| 1097 | mrs | Jo Coales | cambridge | cambs | | I saw many cyclists fall off their bikes during the recent cold weather. They were riding on icy ridges of slush at the sides of the road whilst cars were on clear routes down the centre of the roads. In fact the process of clearing the centre of the roads throws the snow onto the sides, making it worse for cyclists. | Feb 12, 2009 |
| 1111 | Mr | John Beasley | Cambridge | Cambridgeshire | UK | The anti-congestion committees must think broader than just trying to tax people out of their cars. Gritting cycleways will prevent cyclists turning taking to their cars in icy weather and will avoid an increase in congestion. The extra cost of salt is nothing to the savings caused by fewer car-shunts and the avoidance of unnecessary environmental damage. | Feb 12, 2009 |
| 1113 | Mr | Mark Evans | Cambridge | Cambs | UK | I bike to work every day and found it very difficult with none of the cycle paths and bridges accessible during the winter weather. | Feb 12, 2009 |

| | | | | | | | |
|------|-----|-------------------|-----------|----------------|----|--|--------------|
| 1115 | mrs | daphne babouris | cambridge | cambs | | global warming will be reduced ONLY if cyclists are catered for properly in terms of safety and status, and road lanes, to encourage 1000 more to take it up. Also, bill to NHS will decrease, with all this healthy travel happening...BUT ONLY IF IT IS SAFE for all ages. | Feb 12, 2009 |
| 1117 | mrs | marion milward | cambridge | cambridge | UK | For Cambridge to be flagged as a 'Cycling City' surely this has to follow. | Feb 12, 2009 |
| 1120 | mrs | Philippa Corbett | Cambridge | UK | | In Cambridge, there are just as many bikes as cars - surely it is justified here? | Feb 12, 2009 |
| 1122 | Mrs | Sandra Bates | Cambridge | Cambridgeshire | UK | I am a cyclist and it is really unsafe to cycle in the lanes provided for cyclists as the ice and slush just sit in the cycle lanes and no grit is provided. This is very dangerous and I have nearly come off several times. I am also a car driver so I know both aspects of the awareness to cyclists during bad weather and how dangerous it can be and other traffic, when you are cycling does not give way very kindly to you most of the time. | Feb 12, 2009 |
| 1133 | Mrs | Rebecca Wilkinson | cambridge | cambridgeshire | UK | Cambridge is a cycling city. As taxpayers we are entitled to the same level of care by gritting as road users. | Feb 12, 2009 |
| 1136 | Mrs | Margaret Fernie | Cambridge | Cambs.. | UK | On two wheels, cyclists are much more vulnerable than people in cars anyway. | Feb 12, 2009 |
| 1137 | Mrs | Jeanette Milbourn | Cambridge | Cambs | UK | We (5) all cycle to school/work so icy cycle routes are a real hazard to us | Feb 12, 2009 |
| 1140 | Mrs | Sophie Thomson | Cambridge | Cambs | UK | I have personally skidded and nearly ended up under a car as a result of non-gritted cycle paths on Trumpington Road. Very dangerous. If all cycle paths can't be gritted, then please at least grit the major commuting routes. | Feb 12, 2009 |
| 1143 | Mr | Chris McConnell | Cambridge | Cambridgeshire | | Riverside, a major through-route for cyclists travelling along the river, was an accident waiting to happen. I saw no evidence of gritting at any point. Consequently the road turned into an ice rink. | Feb 12, 2009 |

| | | | | | | | |
|------|-----|--------------------|-----------|----------------|----|--|--------------|
| 1145 | Dr | Jo-Anne Dillabough | Cambridge | Cambridgeshire | UK | It is unreasonable and very unsafe to follow the current policy. As a Canadian citizen and someone familiar with cold weather and snow, it is totally unacceptable to wait 'several days' before gritting the paths. The minute there is news of snow the grit should be down. The minute there will be ice, the grit should be down. You don't wait for an accident to happen. You seek to prevent it. That is social responsibility and it is the council's responsibility. | Feb 12, 2009 |
| 1150 | | Anonymous | Cambridge | Cambs | UK | It is high time paths were gritted as well as roads - we all are encouraged to use alternative forms of travel by our local councils - to not grits paths at the same time as roads show little joined up thinking. | Feb 12, 2009 |
| 1151 | Mr | Elliott Ward | Cambridge | Cambridgeshire | UK | The Council's commitment to cycling must be shown all-year-round if it's pro-cycling rhetoric is to be taken seriously. | Feb 12, 2009 |
| 1153 | mr | Joseph Lawrence | Cambridge | cambridgesgire | | frankly it has to be said that the council's policy on gritting is appalling in general. Recently as well as it being near impossible to cycle in certain areas i have also noticed that the pavements have been incredibly hazardous, and doubtless any older citizens who are at all infirm would be basicy unable to leave their homes. I believe that they should grit beyond just the cycle paths but also the pavements. | Feb 12, 2009 |
| 1158 | Mr | Graham Pink | Cambridge | Cambs | UK | Failure to grit the cycle routes forces people either onto the roads or back into their vehicles. I have noticed that roads I travel along are getting more pot holes, when they are "bodged" any loose stones are left in the cycle path - those maintaining should put themselves in the position of the cyclist. All loose stones should be removed - pot holes (often deep) are a problem especially in the dark when filled with water that then freezes are another problem. | Feb 12, 2009 |
| 1163 | Mrs | Helen Warren | Cambridge | Cambridgeshire | UK | Both my children and I cycle to school and I would request that the Council do all it can to ensure our safety while travelling to and from hom. | Feb 12, 2009 |

| | | | | | | | |
|------|-----|----------------------|-----------|----------------|----|---|--------------|
| 1168 | Mr | Brian Corbett | Cambridge | Cambs | UK | Cambridge has an unusually high ratio of cycle v motor transport, and is committed to encouraging people to cycle rather than drive to work. It is therefore vital that this policy is backed up by gritting of cycle routes to:1. Ensure safety for a large number of residents.2. Demonstrate that cyclists are viewed as a priority community. | Feb 12, 2009 |
| 1169 | Mrs | Elisabeth Barrow | Cambridge | Cambridgeshire | | Cycling is a responsible, healthy and environmentally healthy mode of transport - it needs to be given a high safety priority and this means gritting the paths in bad weather. | Feb 12, 2009 |
| 1170 | mrs | karin fuller | cambridge | cambs | UK | It's time we stopped this nonsense about not clearing the snow outside our homes. The ice has been trecherous -I use a buggy and it was crazy using it. It must be very easy to spray grit towards the paths. All cycle routes should be treated the same as the road - a man and a barrel with grit/salt or even a shovel to move the snow. | Feb 12, 2009 |
| 1177 | Dr | Ann Kennedy Smith | Cambridge | Cambridgeshire | | We want to encourage our children (and ourselves) to cycle safely no matter what the weather so gritting the paths is essential. | Feb 13, 2009 |
| 1195 | Mr | Damian Gillie | Cambridge | Cambridgeshire | | Just to say that the state of the cycle paths in Cambridge has been appalling in the recent bad weather. Cycling is not just a pleasure pursuit, it is the way many residents get to work. | Feb 13, 2009 |
| 1197 | Mr | Paul Clarkson | Cambridge | Cambridgeshire | UK | All my children and I use bicycles frequently. If you want to take people off roads in cold snaps grit cycleways (and make many more cycle only paths!) | Feb 13, 2009 |
| 1201 | | Katharine Kemp | Cambridge | Cambridgeshire | | I have dreaded every morning this last month as both I and my children cycle to school/work and we never know how bad it is going to be until one of us nearly or does fall | Feb 14, 2009 |
| 1202 | Rev | Dorothy Peyton Jones | Cambridge | Cambs | UK | I cycle to work four times a week and also to get essential shopping. | Feb 14, 2009 |

| | | | | | | | |
|------|-----|-------------------|-----------|----------------|----|---|--------------|
| 1205 | Ms | Gerd Browne | Cambridge | Cambs | UK | I cycle into town on most days and I have found that in the recent weather this has become very hazardous due to the ice and snow. The cycle route into town is very busy and I have noticed that many people are wheeling their bikes from fear of skidding and falling off. i have seen several cyclists crashing to the ground on the ice. The routes across Sheeps Green and Coe Fen desperately need gritting. | Feb 14, 2009 |
| 1209 | | R Owen | Cambridge | Cambridgeshire | | To reduce congestion in the city we should be actively encouraging people to walk or cycle to work and just clearing roads (and not footpaths and cycle lanes) gives out the wrong message. | Feb 16, 2009 |
| 1215 | Dr | Peter Murray-Rust | Cambridge | Cambridgeshire | UK | I had a nasty accident on the cycle path on East Road last week where it was ice covered by snow - including getting bruised and smashing my PDA.The Cutter Ferry bridge was extremely dangerous - I was lucky that I dismounted before descending as the sloping path was covered with ice. | Feb 17, 2009 |
| 1217 | Mr | Richard Wagon | CAMBRIDGE | CAMBRIDGE | UK | And clear leaves in Autumn. | Feb 19, 2009 |
| 1220 | Mr | Hamilton Cleare | cambridge | cambridgeshire | | my oap mother was seriously hurt falling off her bike on ice on riverside as no gritting was done, she is taking weeks to get full mobility back and is in considerable pain, this could have been avoided if salting or gritting took place | Feb 21, 2009 |
| 1221 | Mrs | Mariam Cleare | cambridge | cambridgeshire | | my oap mother was seriously hurt falling off her bike on ice on riverside, she is taking weeks to recover full mobility and is in considerable pain. This could have been avoided if gritting and salting had been done | Feb 21, 2009 |
| 1222 | Mrs | Fardijah Freedman | cambridge | cambridgeshire | | I was seriously hurt falling off my bike on ice on riverside as no gritting was done, it is taking me weeks to recover my mobility and i am in considerable pain. This could have been avoided if gritting or salting was done | Feb 21, 2009 |
| 1223 | Mr | Garret Cleare | cambridge | cambridgeshire | | my granny was seriously hurt falling of her bike on ice on riverside. This could have been avoided if gritting or salting was done. She has been in a lot of pain and is taking weeks to recover her mobility | Feb 21, 2009 |

| | | | | | | | |
|------|------|------------------|-------------------|----------------|----|--|--------------|
| 1224 | Mr | Rohan Cleare | cambridge | cambridgeshire | | my granny was seriously hurt falling off her bike on black ice on riverside, this could have been avoided if the road was gritted, she is taking weeks to recover | Feb 21, 2009 |
| 1227 | | Ben Durant | Cambridge | Cambridgeshire | UK | Must be done. | Feb 22, 2009 |
| 1228 | mrs | helen gillespie | cambridge | cambridgeshire | | my 3 children cycle to school along riverside, accross midsummer common and along side roads to school. they fell off their bikes doing this journey on the ice.they had to walk to and from school instead. i think the council should show their support for cyclists by making their routes safe. | Feb 22, 2009 |
| 1233 | Mr | Bob Simmons | CAMBRIDGE | Cambs. | UK | Why grit main roads every time there is the slightest risk of a little frost and leave all other routes unsalted regardless of conditions? Save by not gritting unnecessarily and grit where needed, when needed. | Feb 23, 2009 |
